

PAKISTAN

The 9th International Plastic, Printing & Packaging Industry

Exhibition & Conference

9th March 2013

Time: 10:00am to 5:00pm
Expo Centre Lahore, Pakistan

THE CONFERENCE

Continuing a decade of excellence the 3P Plas, Print, Pack Pakistan Conference, has cemented its position as a key event for those in the local industry, with numerous networking opportunities, a robust exhibition area and presentations from leading industry players' researchers and professors. This is the forum to share ideas, learn from successes and challenges, get inspired, create partnerships and continue the dialogue with industry colleagues about the collective sustainability challenge.

The 3P-Plas print Pack Pakistan Conference is designed specifically for plastic, printing & packaging professionals bringing together leading experts from top companies and industry associations to present a comprehensive educational series, offering unrivaled professional development and business insight opportunities, on industry trends and innovative approaches to keep attendees ahead of the curve.

Attendees are able to learn about solutions to technical and engineering issues and identify market trends and business opportunities. The main conference program has been developed for an audience including technology officers/decision makers, product developers, plastic & print designers and packaging manufacturers.

3P-Plas Print Pack Pakistan Conference is where challenges are explored, solutions are uncovered and opportunities are developed, making it the largest and highly respected event of the industry.
